MASTER PLAN COMMITTEE

We are delighted to report that the Master Plan was finished late in the Fall of 2010, accepted by the Planning Board in January, 2011 and presented to the Stow Selectmen in February 2011. It can be read on the town website or at the Randall Library.

Respectfully submitted,

Stephen Dungan
Karen Kelleher
Charles Kern
Rebecca Mattison

Roy Miller
Marcia Rising, Chair
Kathleen Willis

MULTI-USE TRACK ROAD COMMITTEE

The Multi-Use Track Road Committee (MUTR) was formed in 2011 to approve and implement a design plan for a multi-use pathway along Track Road from Sudbury Road to White Pond Road. It is our goal to make this “stunningly beautiful” Assabet River corridor in Stow more accessible for this and future generations.

This year we accomplished the following:

- Met with the towns of Acton and Maynard, the Assabet River National Wildlife Refuge, the trail land owner, and the local and state departments involved.
- Held an open town forum and analyzed survey data regarding trail uses and users.
- Set up a web site with data, photos, and user friendly links to numerous trail resources. The site to visit is: www.stow-ma.gov/pages/StowMA_BComm/StowMA_Track/index
Please visit for a more complete description of our project.
- Prepared and obtained approvals for a contract with our design firm AECOM. This firm is also working on the Acton and Maynard portions of the Assabet River Rail Trail.

This committee has set the following goals for 2012:

- Complete and present alternate design plans to the Town of Stow at an open forum for review and comment.
